## Personal profile

Since the 10th grade in high school, I became interested in programming. My journey began with the Olympiads on sports programming and in this regard, I entered the Belarusian State University in the Faculty of Applied Mathematics and Computer Science.

Now I am fond of programming in c# language and .NET platform. At the moment I’m writing File Cabinet App - it’s a console application, similar to the database, only there is a fixed amount of data to enter. It also uses different programming patterns.

As for my extracurricular activities I am fond of cycling, playing guitar and photography.

## Skills and Proficiency

- C#, .NET, ADO.NET, NUnit
- SQL, T-SQL, MS SQL Server
- C + +, Qt
- Java, Java EE, Swing
- HTML5, CSS3
- Algorithms and Data Structures
- Design patterns
- Git, GitHub, GitLab

## Code example

This code in C# represents solution to task ‘Two sum’ from LeetCode. This [link](#) delivers you to the task.

```
public class Solution {
    public int[] TwoSum(int[] nums, int target) {
        for (int i = 0; i < nums.Length; ++i)
        {
            for (int j = i + 1; j < nums.Length; ++j)
            {
                if (nums[i] + nums[j] == target)
                {
                    return new int[] { i, j };
                }
            }
        }

        return new int[] {};
    }
}
```

## Education

Mogilev Regional State Lyceum Mogilev, Belarus.

- General secondary education 2019 – 2021

Belarussian State University Minsk, Belarus

- Bachelor’s degree, Computer Science 2021 – Now

ULean

- C# programming basics. Part 1
- C# programming basics. Part 2

## Languages

- English - Intermediate\Upper-Intermediate (according to the online test at [efset](#))

English level

- Russian - Native
